## TABLE OF

### ADDITIONS

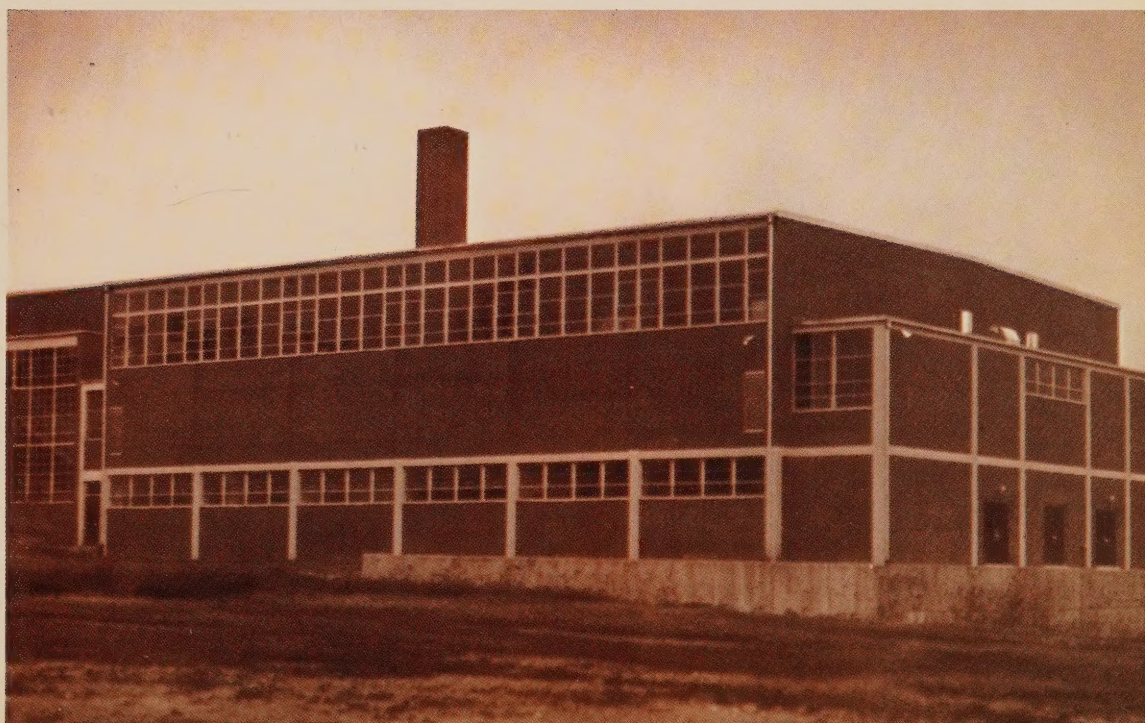

Our Virginia High School building was bulging at its seams last year. Classes were crowded, the lunchroom was overflowing with people, and facilities were insufficient. This year, however, we have new additions to our building, two classroom wings and a gymnasium. The Freshman Class has been added to share these additions with us.

## FOREWORD

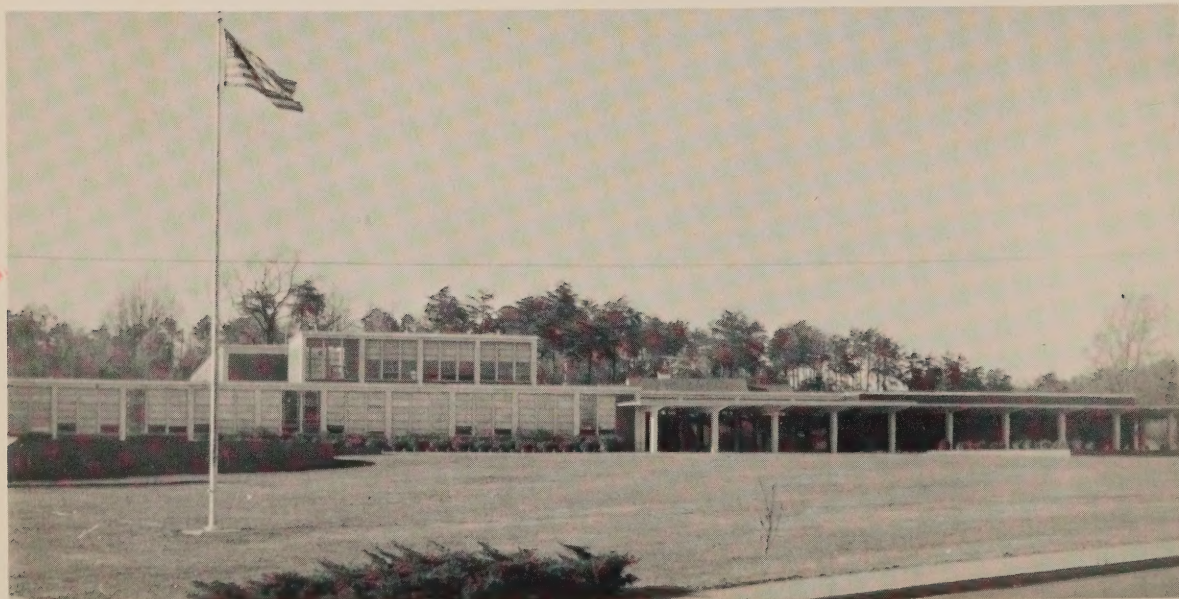

**JANE McKAMEY**  
**EDITOR**

The 1959 Virginian features as its theme this year — you, the students of Virginia High School.

We invite you to relive this year as you turn the pages of this book and see yourself studying, and participating in activities and sports.

In order to preserve a record of these moments and countless other experiences of you and your classmates, this annual strives to capture the "eyes" and "mind" of the scholarship, the leadership, the activities, and the character of Bristol Virginia High School.

Our activities begin here.

Our Knowledge Begins Here.

*Bob*

Sample of Our Activities.

Our School Spirit Is Demonstrated Here.

Mrs. Laura Mae McNutt

One of the greatest rewards of working on the Virginian is to be able to dedicate ones work to someone who has given his time and effort for the school and student body. The person chosen by us to receive this honor was always there to see that things were going right, whether it was at a dance, or any class project. This person engineered what will be two of our fondest memories, our Junior-Senior Prom and Spring Festival.

We feel a great indebtedness to you, our friend, sponsor, teacher, and guidance director, and we should like to say with deep sincerity, "Thanks, Mrs. Laura Mae McNutt."

Service with a smile.

 *Dedication*

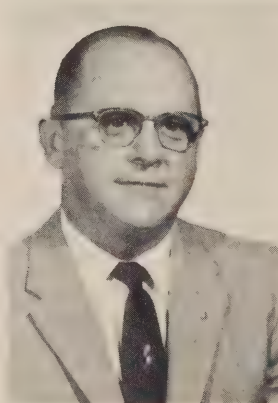

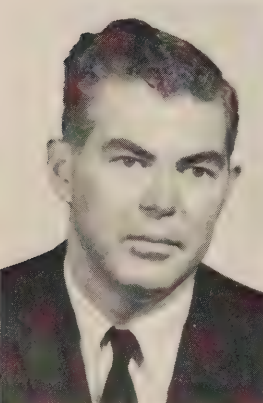

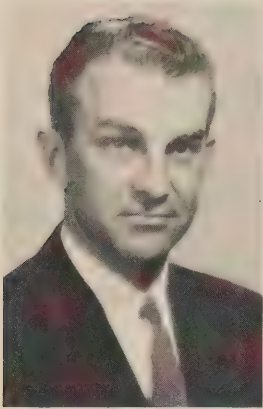

**ADMINISTRATION**

# BOARD OF EDUCATION

Without the Board of Education our public schools would have a slim chance for existence.

We Americans proudly boast of our free education. The men elected to this office must be courageous, dependable, and trustworthy. The highest standards of education, as well as many other school functions, lie in the hands of these few men.

The Board of Education deals with all problems confronting our school. We are grateful for the careful consideration the Board gives in arriving at each decision.

Mr. Ernest Bullock  
Mrs. J. R. Helms  
Mr. Waldo Miles

Mrs. Violet Grimsley  
Mr. W. T. Martin  
Mr. Joe A. Rogers

# SUPERINTENDENT

Our Superintendent is one dear to all our hearts. His keen interest in us and his determination to make our school one of the finest in the state are demonstrated by his many activities.

Mr. VanPelt is a Sunday School teacher, a member of the Board of Directors of the Bristol Kiwanis Club, City Chairman of the Savings Bond Committee, and a member of the Board of Directors for the Virginia State and National Education Associations.

## STAFF

The supervisory staff not only sees to it that we are in school, but it directs us in our courses of study, provides a program of health and physical education, teaches appreciation for music, and directs the preparation of food stuffs for our bodies.

# OUR PRINCIPAL

Mr. Theo. T. Hammack

Our Principal, Mr. Hammack, although he has much to do, usually finds time to help a student in any problem. He holds meetings, makes announcements, urges better school spirit, frowns upon "bad" boys, and does his best to keep Virginia High the great school it is.

Mr. Rasnick, our Assistant Principal, does much to keep Virginia High in good order. He is a friend to the students and always gives them a chance to prove themselves right. He also teaches plane and solid geometry and trigonometry.

Mrs. Ralph Whitaker is our secretary. She is one of the most efficient persons in the school. She is noted for her wonderful memory of names and friendliness to each of the students.

# ARTS

Home Economics offers experience in various areas of homemaking. Those taking Home Economics are given the privilege, by means of home projects, to further those skills and abilities acquired in class. In Industrial Arts, pupils are taught the description of hand tools, characteristics of wood, planning and designing of projects.

Mechanical Drawing trains in exactness of thought and how to read and write the language of the industries.

Art furnishes guided activity of adventures in drawing, painting and appreciations. This class develops character, confidence, good judgment, sensitivity, some skill and the ability to understand and appreciate the democratic way of working and living.

Mrs. Kloss, Mr. Pearson, Miss Gilmer, and Mrs. Coleman.

Don Odum in Mechanical Drawing.

Alice Smeltzer, Judy Jackson, and Sarah Connelly mixing paint in Art Class.

Peggy Spears, Barbara Shore, and Barbara Sexton taking Girls' Shop.

Girls learn to make rolls in Home Economics class.

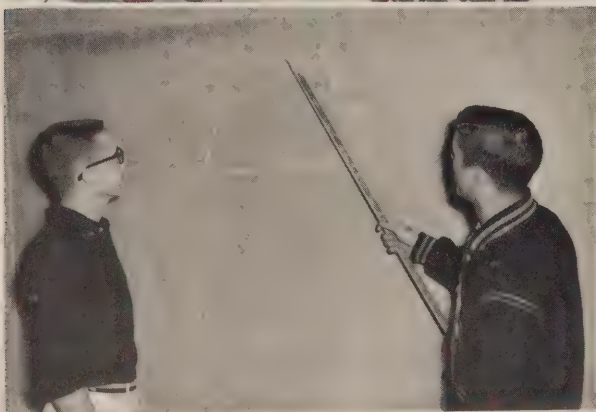

Mrs. Worrell, Mr. Wilkinson, Mr. Rasnick, and Miss Garrett.

Patsy Combs, Ruth Yarber, and Linda Richards working math problems.

Dean Miller and Leroy Icenhour explain a plane geometry problem.

## MATHEMATICS

General Mathematics is a review of addition, subtraction, multiplication, division, percent, and interest.

In classes of higher math — algebra and geometry — the use and solution of the formula is taught. Major concepts of the straight line figures, circles, proportion, and similarity are studied in plane geometry which is a prerequisite for solid geometry and trigonometry.

Solid geometry is a continuation of plane geometry into the concepts of three-dimensional figures. Trigonometry is a survey of right and oblique triangles, trigonometric functions and identities, reduction of formulae, logarithms and their application.

# GUIDANCE MUSIC LIBRARY

Guidance helps each pupil find himself and make preparations for the task he is capable of doing. The Band consists of those interested in learning to play musical instruments. It gives a well-rounded program of general band techniques. The Mixed Chorus consists of selected singers whose quality of voice, reading ability, and pitch are outstanding. The Library aids each pupil in finding informative material, and it aids in the use of visual aides. It also offers many kinds of literature for required reading and pleasure reading.

Checking card catalogue for books.

Woodhouse and Thomas stop for a break after a concert.

Mrs. McNutt, Miss Moore, Mr. Richardson, Miss Valley, and Miss Cooper.

## SOCIAL STUDIES

Mr. Farnsworth, Mr. Curcio, Mrs. Boatright, and Miss Brown.

Geography gives the student an understanding of mankind and an essential understanding of the fact that where man lives and what he does there affects his character and behavior.

World history attempts to bring a clear understanding and a real appreciation of the peoples of the nations.

American history presents America from its beginning to the present.

American government touches upon the different types of government with special emphasis upon our American democracy.

Patsy Barger, Judy Coalson, and Frankie Richardson study a historical display.

Kitty Counts amends the Constitution.

Mr. Curcio lectures to his Government class.

# BUSINESS AND VOCATIONAL

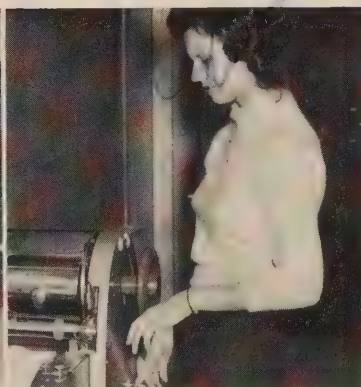

Mr. Patrick, Mrs. Boyd, Mr. Davis, Miss Hutton, and Mr. Hooper

There are two avenues of approach to business: One is the medium of expertness as a secretary or stenographer; the other, efficiency in bookkeeping and accounting. Either offers unusual opportunities, but the combined skills of the two provide an even broader and more valuable background for business success.

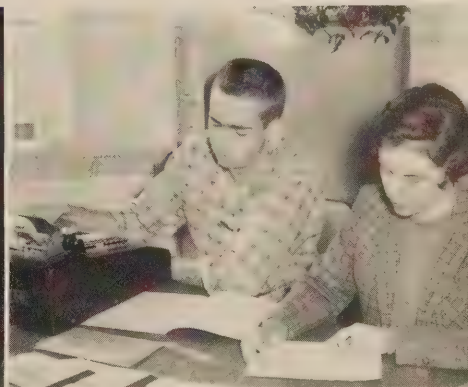

Vocational education is a part-time cooperative program of education in which the business establishments in the community provide work experience and vocational training for a selected number of students.

Typing to music.

Norma Turner runs duplication machine.

Tommy Barker and Madeline Aldridge in Bookkeeping.

## LANGUAGES

Mr. Cannon, Mrs. Fillinger, Miss Anderson, Mrs. Lowry, Mrs. Gonzales, Mrs. Ellis, Mrs. Baldwin, and Mr. Booth.

English is made up of two main phases: grammar and literature. The aim of the English department is to encourage, correct, and express oral and written work, and to develop recognition of good literature and appreciation for it.

Most foreign language study is meant to give students reading knowledge and simple conversational practice. Latin is a study of the language, life and culture of the ancient Romans. French acquaints the student with some of the French customs and culture. Spanish concerns itself with the Latin American life and culture.

Roger and Jimmy in English skit.

Spanish students listen to recordings.

Rita and Tommy conjugate Latin verbs.

# SCIENCES

Mrs. Hathaway, Mr. Maguran, Mr. Marshall, and Mr. Hall.

General Science is an introduction to all major branches of science. It deals basically with the principles of each branch and is adapted to the students' needs.

Biology is a survey of the plant and animal kingdoms, including man. It helps the pupil to develop an appreciation of the living world about us.

Chemistry places special interest on the use of the scientific method of thinking.

Physics is the study of mechanics, heat, light, sound, magnetism, and electricity, with further emphasis on the scientific method.

Susan Schwab, Carlos Baker, and Mariam Thayer set up an experiment.

Frances Eggers, Eugene Cole and Mary Sue Hackley display their projects.

Judy Entler, Mary Sue Hackley, and Bruce Berube in biology.

# PHYSICAL EDUCATION AND DRIVER TRAINING

Mrs. Ireson, Mr. Stapleton, and Mr. Jennings.

The physical education and health program is based on the three-two system — three days of activities and two days of lectures. Activities include teaching of skills and directing plays of seasonal games. Lecture classes include instruction in health.

Driver education provides an educational process which will give the knowledge necessary to prevent traffic crashes and develop the skills and habits necessary for safer conditions on the highway.

Andrea Diecks issues basket to Kay Maiden.

Linda Sturgill takes test for her learner's permit.

Mr. Jennings, sponsor, aids members Bill Mosseller, Robert Shore, Jimmy Hudson, Bob Cardwell, and Brett Thackston in preparing Thanksgiving baskets.

Don Odum, Benny Atkins, and Harold Gobble collect coat hangers for the coat hanger drive.  
Bill Troy and Preston Sartelle present a Christmas devotional for the student body.

## KEY CLUB

The purpose of the Key Club is to develop initiative and leadership, provide experience in living and working together, serve the school and community, and prepare for useful citizenship.

A few service projects this year were giving two fifty-dollar scholarships to graduating club members, sponsoring College Day, assisting with reserved seating section at football games, assisting the Kiwanis Club in a peanut sale, and furnishing Thanksgiving dinner for the children at the Janie Hammitt Home. The Key Club had car washes, sold basketball programs and annual

covers, and sponsored a coat hanger drive as a means of making money.

Various members of the club attend local and district meetings and the weekly Kiwanis Club luncheons. The club had a joint dance with the Tennessee High Key Club.

**SPORTS**

Long before school begins, our athletic staff is hard at work planning the athletic program for all sports. Here the coaches of the various sports hear what athletic director Charles "Moe" Curcio has to say. The coaches are the following: Harold Poe — coach of Junior High football and basketball and varsity base-

ball; Royce Quarles — coach of B-Team football and basketball; Ova Stapleton — coach of backfield football and track; R. T. "Tammy" Farnsworth — head coach of football and golf; Robert Coleman — head basketball coach and tennis.

The Bearcats of Virginia High, in the midst of a rebuilding program, ended with a 2-6-2 record for the 1958 season. This year's team featured a sound, hard-hitting defense that gave its opponents a good effort in all outings. This season was climaxed by a sensational upset win over our cross-town rival, the Vikings, East Tenn. Big Seven Champs. This year's team was fortunate to have four boys chosen on the All State Team. They were the following: Bill Mosseller, Pete Smeltzer, Allen Smeltzer, and Wiley Butterworth.

**CENTERS and QUARTERBACKS:** Brant, Dotson, and Leonard. Hagy, Robinette, and Martin.

**GUARDS:** Hudson, Nidiffer, Sanderson, and Scott. Booher, Mosseller, Shore, and Ault.

## OPPORTUNITIES . . .

. . . in the industrial world today are unlimited. Automation, electronics, nuclear energy, a rapidly increasing population and dawn of the space age — all point to a period of unprecedented growth in the industrial life of America.

Burlington Industries, which pioneered in the production of fabrics from man-made fibers, has in 35 years grown to be the world's largest and most diversified textile concern. It is proud to be part of a vital industry . . . one which offers many fine career opportunities. Textiles offer challenging jobs to qualified graduates in manufacturing, merchandising, research and development, design, and many other fields.

Marjorie,

I had loads of fun being in Home Ec. this year. It sure  
has been great this year, hasn't it? I've enjoyed going places  
with you and doing things. We will have to get "our  
gang" together and go to the movies or some place.  
We have had loads of fun together. You are a  
very pretty girl and very talented. I know you  
will always do your best in every thing you do.  
Best of luck to you and Norman. He sure is  
getting a great girl.

Mariam,

Being with you at lunch & in study hall this year has really been fun. I've really enjoyed talking to you, going places, & doing things with you. Remember all the movies & especially remember that day at the lake. Mariam, you're a lovely & talented girl - I'm sure that with your good sense you won't let opportunities slip by, so I say, that even though my wishes may not determine any of your future happiness - good luck to one who surely deserves it.

Also good luck with Norman. I hope we can see each other <sup>after</sup> ten years to come.
